# Summary

Manchester City Council has developed an on-line resource for storing, searching and accessing documents to support the energy planning process throughout the EU.

The Knowledge Base can be accessed at: <http://www.pesesecenergyplanning.eu/>

Initially the Knowledge Base consists largely of the energy management case studies (c.176 in total). Additional documents to be uploaded include: 2.1 Best Practice, Detailed Energy Planning Case Studies, Study Visit Reports etc.

The Knowledge Base will grow over the next 18 months as further learning is included. Version 2.0 of the Knowledge Base will be formally published in Month 30.
